10-Session Pass	\$225
10-Session Pass (for salt members)	\$200

FUSION THERAPY SIGNATURE FACIAL

Our signature facial transforms dull, dry skin into youthful glowing skin. Treatment includes dermaplaning or micro-dermabrasion along with lymphatic drainage. Lymphatic drainage detoxifies and decongests skin (and sinus) for more frequent cell turnover, along with optimal absorption of hydrating and corrective serums.

LYMPHATIC DRAINAGE THERAPY

Lymph Drainage Therapy (LDT) is an innovative hands-on method developed by Bruno Chikly, MD, DO. LDT is a gentle technique that works through the body's interstitial & lymphatic system to activate the bodies liquid circulation. It also initiate the functioning of the immune and parasympathetic nervous systems by decongesting and detoxifying the body. Lymphatic congestion can cause cranial distortions, allowing misalignments that can throw off the neck and/or scrum, also resulting in pain.
